

Febc international JLT is ISO 9001, ISO 14001, OHSAS 18001 and ISO 28000 certified.

### **ISO 9001:**

ISO 9001:2008 specifies requirements for a **quality management system**. This standard demonstrates FEBC INTERNATIONAL ability to consistently provide SERVICE that meets customer and applicable statutory and regulatory requirements, and aims to enhance customer satisfaction through the effective application of our system, including processes for continual improvement of the system and the assurance of conformity to our client.

### **ISO 14001**

ISO 14001:2004 specifies requirements for an **environmental management system**. This standard enable FEBC INTERNATIONAL to develop and implement a policy and objectives. It applies to environmental aspects.

With this standard, FEBC wishes to establish, implement, maintain and improve an environmental management system, to assure itself of conformity with its stated environmental policy.

### **OHSAS 18001**

OHSAS 18001:2007 specifies the requirement for **occupational health and safety management systems**. This standard helps FEBC INTERNATIONAL to put in place demonstrably sound occupational health and safety performance.

With this standard FEBC promotes a safe and healthy working environment by providing a framework that helps To identify and control health and safety risks, reduce the potential for accidents, improve overall performance etc.

### **ISO 28000**

ISO 28000:2007 specifies the requirements for a **supply chain management system**, including those aspects critical to security assurance of the supply chain. Security management is linked to many other aspects of business management. Aspects include all activities controlled or influenced by FEBC that impact on supply chain security. These other aspects should be considered directly, where and when they have an impact on security management, including transporting these goods along the supply chain.

With this standard, FEBC wishes to establish, implement, maintain and improve its security management system also assure conformance with stated security management policy.
